Finding the Right Balance as You Realize Your Dreams

Are you being pulled in several directions at once? Do you think of home when you're at work and of work when you're home? Are you helping others achieve their dreams and forgetting your own? Get in the driver's seat and take control of your life.

Fran Berman shares how she confronted personal crises, made hard choices, and overcame overwhelming obstacles. She reveals how to identify ineffective behaviors that perpetuate the problem.

In this interactive inspirational session, you'll discover your strengths and how to use them to change your life. Identify who lifts you up and who drags you down. Decide what to do about relationships that drain you. Lead the life you want instead of the one someone else thinks you should.

This motivational and inspirational program can be offered as a keynote, break-out, or general session.
